

LAKE SIDE

EMPLOYEE HANDBOOK | REVISED OCTOBER 2023

WELCOME TO THE TEAM!

By joining the staff of Lakeside Church, We believe you have taken one of the most exciting steps of your life. The Lord has blessed this church over the years and we are confident that you will experience that blessing as well. Likewise, we are delighted to have you join the team. We believe you will be a blessing to our staff and to our church. You will fill a vital role in accomplishing the mission the Lord has given us at Lakeside.

We want your association with Lakeside and its various ministries to be a mutually beneficial and pleasant experience. You have joined a ministry team that has established an outstanding reputation for quality ministry, programs and services. This reputation has been earned through the grace and blessings of our Lord Jesus Christ and the diligent, fruitful labor of our employees. We hope you, too, will find satisfaction and take pride in your work here.

In the process we expect all of us to have a lot of fun and do a lot of hard work. The result will be that our God will be glorified and our people will be transformed into passionate and productive followers of Jesus. We are a unique bunch of people. We do some things just like many other churches do them. Other things we do in a way that is unique to us. Please read through these pages so that you can get an idea of who we are and what we are up to. Ask as many questions as you like. Make yourself at home. We hope to serve the Lord together with you for a long time.

God bless you and thank you for joining the team.

For His Church,

The Leadership Team

PURPOSE OF THIS EMPLOYEE HANDBOOK

This Employee Handbook has been prepared to welcome you and help you understand Lakeside Church philosophy, policies, procedures, benefits, and ministry expectations. We have tried to summarize and include all the general policies and conditions of employment in this Employee Handbook as well as the ministry policies we abide by, our responsibilities to you, and your responsibilities to Lakeside.

No Employee Handbook can answer every question, nor would we want to restrict the normal question and answer interchange among us. We believe it is in our person-to-person conversations that we can better know each other and management can answer questions employees may have from time to time.

The Employee Handbook may be changed as ministry, employment legislation, and economic conditions dictate or management determines it is necessary. If and when provisions are changed, the most current version will be available on our internal server.

REQUIRED POLICIES

Equal Opportunity Employment

The policy of Lakeside Church (Lakeside) is to utilize our available human resources effectively by selecting, who we believe is, the most qualified person for any given job. We give appropriate attention to such factors as educational background, previous experience, proven skills, desirable character traits, and growth potential. The personnel hired and promoted have been, and will continue to be, selected from all applicants on the basis of qualifications felt necessary for an employee to perform well the essential functions of a job. These include such factors as ability, availability, capability, aptitude, experience, education, health, and a willingness to work and serve.

Since the objective of this policy is to use all qualified available human resources to the fullest, it is essential we administer this policy in such a manner as not to discriminate against any person, employee, or job applicant because of race, color, pregnancy (including childbirth, breastfeeding or related medical conditions) gender, age, national origin or ancestry, physical or mental disability, medical condition (including cancer and genetic characteristics), military and veteran status or any other basis protected by federal, state or local law, ordinance or regulation. Equal employment also prohibits unlawful discrimination based on the perception that anyone has any of those characteristics, or if someone is associated with a person who has or is perceived as having any of those characteristics.

It is our policy to offer equal employment opportunity to all persons without regard to any of the above protected classes. No job applicant is to be discriminated against because of this.

As a private, Christ-centered, Bible-believing church, Lakeside does reserve the right to exercise preference on the basis of our religion and religious beliefs in all of our employment decisions.

To comply with applicable laws ensuring equal employment opportunities to qualified individuals with a disability, Lakeside will make reasonable accommodations for the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or an employee unless undue hardship would result.

Any applicant or employee, who requires an accommodation in order to perform the essential functions of the job, should contact the Lakeside Business Administrator and request such an accommodation. The individual with the disability should specify what accommodation he or she needs to perform the job. Lakeside then will meet with the person at least twice and conduct an investigation to identify the barriers that make it difficult for the applicant or employee to have an equal opportunity to perform the essential functions of his or her job. Lakeside will identify possible accommodations, if any, that will help eliminate the limitation. If the accommodation is reasonable and will not impose an undue hardship, Lakeside will make the accommodation.

At-Will Employment

Although we hope for mutually beneficial working relationships with our employees, we realize that changing circumstances make it impossible to guarantee employment. Your employment with Lakeside has no specified duration, and either you or Lakeside may end the employment relationship at any time without consideration of cause or notice.

Therefore, the policies in this Employee Handbook are to be considered as guidelines. Lakeside at its discretion, may change, delete, suspend or discontinue any part or parts of the policies in this Employee Handbook at any time without prior notice. Any such action shall apply to existing, as well as future employees. Employees may not accrue eligibility for monetary benefits (provided for in this Employee Handbook) that they have not earned through actual time spent at work.

No executive, pastor, director, manager, supervisor or employee of Lakeside has any authority to enter into any agreement for employment for any specified period of time or to make any agreement for employment other than at-will.

Immigration Law Compliance

Lakeside strives to hire only those individuals entitled to work in the United States. In complying with the Immigration Reform and Control Act of 1986 (IRCA), it is against the policy of Lakeside to discriminate because of an individual's national origin, citizenship, or intent to become a U.S. citizen.

All employees hired on or after November 7, 1986 will be required to provide proof of work eligibility and identification and all offers of employment will be conditional on providing proof of work eligibility and identification.

Employment Classifications

At the time you are hired, you are classified as full-time, part-time, protégé ministry intern or temporary and are also informed if you qualify for overtime pay.

Regular Employees

Employees who have completed their Introductory Period of employment shall be called regular employees. Such employees may be either full-time or part-time. The distinction between full-time and part-time depends upon the number of hours that an employee works.

- **Full-Time Employees** | Regular full-time employees are those normally scheduled to work, and do work a schedule of 40 hours or more per week.
- **Part-Time Employees** | Regular, part-time employees are those who are normally scheduled to work a minimum of 8 hours but less than 30 hours per week. Regular part-time employees are not eligible for benefits unless specifically identified in the Employee Handbook.

Temporary Employees

Temporary employees are those employed by Lakeside for short-term assignments and then released from employment. Short-term assignments are generally periods of three months or less; however, such assignments may be extended in writing. Temporary employees are not eligible for employee benefits except where mandated by applicable law.

Protégés Ministry Interns

Protégé's are paid team members. The program is for those individuals who believe they are called to ministry. These positions, when they do arise, are designed to allow individuals to work in the various departments of Lakeside as an educational opportunity.

Job Classifications

Depending upon the responsibilities in your job description, you will be classified in one of the following wage and hour categories as specified by wage and hour laws:

Exempt

An exempt employee could be one that has duties and responsibilities involving the management of the organization, customarily and regularly exercises discretionary powers and is not eligible to receive overtime. An exempt employee is paid a fixed salary regardless of the amount of hours worked.

Different requirements are set for different categories of exempt employees, including, but not limited to, managerial and administrative.

Non-Exempt

As a basic overview, non-exempt employees are employees whose primary responsibilities include following procedures, working on tasks and have no or limited supervisory responsibilities. A non-exempt employee is paid an hourly rate and is eligible for overtime when he/she works over 8 hours in a given day or 40 hours in a given week. See the section on overtime for additional information.

SCHEDULING & WAGES

Job Duties

Lakeside reserves the right, at any time, with or without notice, to alter or change job responsibilities, reassign or transfer job positions, or assign additional job responsibilities.

Anniversary Date

The first day you report to work is your “official” anniversary date. Your anniversary date is used to compute various conditions and benefits described in this Employee Handbook.

Church Office Hours

Our church office operating hours are 9:00am to 4:00pm, Monday through Thursday. Your particular hours and days of work and the scheduling of your lunch period, where applicable, will be determined and assigned by your director or supervisor.

Work Schedules

Your work week will vary according to your job responsibilities and ministry. In addition, your supervisor will give your schedule of daily work hours to you. All employees are expected to be at their desks or workstations at the start of their scheduled day, ready to work. You will be notified promptly whenever a change is necessary. Should you have any questions concerning your work schedule, please ask your supervisor.

Exchanging work schedules with other employees working in the same position is discouraged. However, if it is necessary to exchange schedules, notify your supervisor, who may authorize an exchange for a particular day’s schedule. Work schedule exchanges cannot be approved for mere convenience or if the exchange will result in disruption of, or interference with, the normal operations of Lakeside or will result in excessive overtime.

Workweek & Pay Periods

Our work week begins on Sunday at 12:00 AM and ends on Saturday at 11:59 PM.

Exempt

Pay periods shall be **biweekly**, beginning on Sundays and ending on Saturdays. The paycheck received will be for the prior pay period worked. Pay days are the Friday following the end of each pay period. See posted payroll schedule with Required Postings located in the employee lunchroom or resource room.

Non-Exempt

Pay periods shall be **biweekly**, beginning on Sundays and ending on Saturdays. The paycheck received will be for the prior pay period worked. Pay days are the Friday following the end of each pay period. See posted payroll schedule with Required Postings located in the employee lunchroom or resource room.

Direct Deposit

Lakeside requires direct payroll deposit for all regular employees.

Timekeeping Requirements

Each non-exempt employee is given access to *Web Clock*, a computer based software for the purpose of recording time hours worked. An employee's time must be recorded at the start of work, meal break and when leaving work. Non-exempt employees are also required to take one 10 minute rest break every 4 hours, however you are not required to clock out at this time.

Accordingly, federal and state record keeping requirements place an obligation on Lakeside to maintain accurate records and to enforce certain regulations. The following rules should be observed:

- Employees should clock in and out only for themselves. Failure to observe this rule could subject the violators to discipline.
- As an employee, you need to take the time to correctly clock in and out yourself. If you have any question as to how this is done, speak with the payroll department. Any errors or accidental omissions which require correction need to be adjusted by the payroll department, not the employee.
- Continuing to clock in and out incorrectly or simply "forgetting" could result in disciplinary action.
- Each employee should maintain a single timesheet within *Web Clock*. Manual time sheets are prohibited and may result in disciplinary action – all hours worked must recorded in *Web Clock*.

As a reminder, non-exempt employees leaving the premises during working hours for any reason, other than Lakeside business, must clock out when leaving and clock in when returning.

Overtime

Typically it is not our normal practice to work overtime. However, a non-exempt, hourly employee shall be informed of the need to work overtime in those situations where the supervisor in charge is convinced that the work is essential in order to meet established schedules or when one employee is unavailable for work and it becomes necessary for another employee to carry out the work of the missing employee.

When such a situation does arise as above and overtime is necessary, an employee may be invited to work overtime. If they are not able to do so, due to prior commitments, it will not reflect on the employee's performance or appraisal in any manner.

In other situations, when "all hands on deck" is declared, all non-exempt employees are expected to work overtime unless they have been excused or are not required by their supervisor to work overtime during special events.

Lakeside provides compensation for all overtime hours worked by non-exempt employees in accordance with state and federal laws as follows:

- All overtime must be approved by your supervisor **prior** to working the overtime.
- All hours worked in excess of 8 hours in one workday or 40 hours in one workweek will be treated as overtime. A workday begins at midnight and ends 24 hours later. A typical workweek for most employees begins on Sunday at 12:00 AM.
- Compensation for hours in excess of 40 for the workweek, or in excess of 8 and not more than 12 for the workday, and for the first 8 hours on the seventh consecutive day of work in one workweek, shall be paid at a rate of 1.5 times the employee's regular rate of pay as prescribed by law.

- Compensation for hours in excess of 12 in one workday and in excess of 8 on the seventh consecutive workday in a workweek shall be paid at double the regular rate of pay.
- Exempt employees may have to work hours beyond their normal schedules, as work demands require.
- No overtime compensation shall be paid to exempt employees.

Make-up Time | Non-exempt Staff

If it becomes necessary for an employee to take time off for personal obligations during any given workweek, the employee may request in writing to their supervisor permission to make up the time during the same work week without being paid overtime for the makeup time. If the time missed is on the seventh day of the workweek, it will not be possible to make up the time.

It is the discretion of Lakeside management, based upon the overall current work climate, to approve or disapprove the request.

In situations of make-up time, hours worked for any given workday may not exceed eleven (11) or forty (40) for the workweek without paying the employee overtime.

Meal & Rest Periods

Each workday, full-time and part-time non-exempt employees receive a paid 10-minute break during each 4 hours worked. The schedule for break time is determined by the supervisor. Since this time is paid as time worked, employees must not take longer than the allotted break time.

Because breaks are intended to provide a brief time of rest and refreshment during a period of work, it is not acceptable to skip a break in order to make up for coming in late or leaving early from work. Similarly, breaks are not to be combined with meal periods, nor is it acceptable to combine the two daily breaks together in order to take one longer break time.

All non-exempt employees scheduled to work between five (5) hours and six (6) hours have the personal option of taking a thirty (30) minute unpaid meal period. Employees working over six (6) hours in a given day are required to take one-30 minute unpaid meal period on a regular basis. Speak with your supervisor to determine how long your meal period will be. Non-exempt part-time employees who work five (5) hours or less do not receive a meal period.

Your supervisor will schedule your meal and rest periods accordingly. Employees will be relieved of all active responsibilities and restrictions during meal and rest periods. Employees are not compensated for meal periods. You are required to clock out as you leave and clock back in upon returning to work from your meal period only.

Meal break waiver may be used for employees wishing to waive their 30 minute unpaid meal break when their work schedule is 6 hours or less in one workday.

Business Finances

Money is a significant tool in the ministry of the church. But the love of money is the root of all sorts of evil (1 Timothy 6:10). How the church staff handles money is one of its most important tasks. It can demonstrate the character of being above reproach, or it can damage the entire ministry.

Budgets

Each year the Elder Team and Ministry Leads prepare a budget that will estimate the church's ministry needs for the year. The budget is a guideline for use throughout the year. The budgeted funds are to be spent in the intended areas of ministry. Realizing even the most careful planning of the ministry budgets will not eliminate an unexpected event from impacting our fiscal year; adjustments to the annual budget may need to be made throughout a given year. As a result the following policy is in operation.

- The fiscal year of Lakeside begins on July 1st.
- It is expected that each ministry will operate within its budget.
- To add a project, activity, piece of equipment, etc., to what has already been budgeted, or to replace one project, activity, etc. with another one, requires advance approval by one member of the Leadership Team and Business Administrator.

Each such request will contain the following information.

1. Description of item
2. Estimated cost
3. Estimated expenditure date or term
4. Explanation, reason, necessity and benefits from expenditure
5. Individual and ministry within the church requesting the expenditure.
6. Source of funds (new or shifted from an existing budget).

Designated Giving & Spending Policy

Lakeside Church is a 501(c) (3) tax-exempt organization. Virtually all the gifts it receives are tax deductible to the donor. Lakeside Church supplies receipts to donors thus providing the necessary support for IRS tax compliance.

All Lakeside Church payments must be appropriate disbursements based upon approved church ministries and operations. Lakeside cannot be a "conduit" (i.e., the donor receives a tax deduction for a gift to an individual or organization) for "designated" contributions to an organization or individual that is not supported by church ministries in the normal course of operations.

The following procedures will be followed with regard to "Designated" Giving:

- Monetary support for all Lakeside Church programs and projects will be through the regular giving of our tithes and offerings.
- Donations may be designated by the donor to any of Lakeside's approved funds. For a list of approved funds, see on-line giving at lakesidechurch.com.
- Donations to a specific individual, organization, ministry, or project will not be accepted unless such individual, organization, ministry or project has been duly authorized by the Elder Team. Elders do not approve Missions trips or Mission Term Partners.
- Unauthorized fund-raising projects by any individual, group, or outside vendor will not be allowed. All fund raising projects must be approved by the Elder Team.

Employee Reimbursement

Lakeside will reimburse employees for expenses incurred in carrying out the normal business and ministry of the church. At the same time, it is of extreme importance that all such expenses can be clearly classified as directly relating to the business and ministry of the church. Additionally, adequate records are to be maintained such that Lakeside Church and its employees can be described as “above reproach” with respect to members of the Lakeside body, as well as federal and state laws. The employee’s immediate supervisor is to review and approve reimbursement.

Cell Phone Reimbursement

Lakeside recognizes that cell phones have become a valuable tool in managing your ministry and personal lives. All full-time employees will receive a phone allowance on the first of each month for \$75.00. This will be for the prior month’s use. We understand that your cell phone bill may be higher than the monthly allowance. This is not to cover your entire personal phone, but a portion of the ministry use.

Ministry Expense Funds

Lakeside Church budgets money to ministry and pastoral staff to assist them in carrying out ministry. These monies provide the pastors and ministry director’s necessary funds to meet with individuals under their oversight responsibilities. Monies are also budgeted to carry out various ministry programs, events, and activities.

These items must be fully documented and reported on a Reimbursement Form. This form is to be submitted along with appropriate documentation (e.g., receipts) to the church accountant within 7 days of the expenditure.

Accountant Reporting Requirements

All expenses are to be filed with the church accountant. Adequate descriptive information for each expense incurred is expected.

Reference Request & Verification of Employment

It is Lakeside’s policy to cooperate with other organizations as well as with local, state, and federal agencies in providing references and verifications of employment on its employees. Only written inquiries signed by the past or present employee will be processed. Supervisors are requested to refer all requests for information about employees to payroll or the Business Administrator for handling. Under the Federal Privacy Act, HIPPA and the Social Security Privacy Act, Lakeside is obliged to preserve the privacy of an employee.

When an employee verification is requested, Lakeside will state only that a person is (was) employed with Lakeside, the location of employment, the dates of employment, the employee’s title or position and wage or salary unless other information is mandated by law.

Telecommuting

Lakeside values on campus ministry and availability of staff on campus. On occasion Lakeside will permit designated employees to work from home or “telecommute.” Those seeking to telecommute need approval from their supervisor prior to working from home. The ability to telecommute does not change

the performance level expected from an employee. Employees who telecommute may still be required to attend meetings at the office or other designated location if it is a part of their job responsibilities. Telecommuting does not change an employee's work location and employees are still responsible for all costs associated with travel to and from the office, when they are required to report to their normal work location.

Employees who telecommute must maintain the security of all confidential and/or sensitive information and other proprietary information, as if they were working in the office. All security procedures apply, regardless of whether the employee is in the workplace or telecommuting. Employees, who are subject to overtime laws are still required to adhere to their beginning and ending work times, break times, and meal breaks. Telecommuting employees must continue to maintain required time records. Lakeside retains the right to require telecommuters to report to the office for work. Violation of any telecommuting policies may result in the loss of an employee's telecommuting privileges.

Organization Property & Privacy

All property, equipment and technological resources provided to employees for their work and in their work environment is owned by Lakeside. Whereas Lakeside recognizes the need for individual privacy, Lakeside reserves the right to inspect any Lakeside-owned property, equipment, desks and technological resources for any of the following reasons:

- Determining if Lakeside policies, procedures and standards are being complied with.
- Determining if inappropriate or unethical conduct has been engaged in.
- To provide services or obtain information when the individual(s) generally utilizing the property are not available.

As such, Lakeside has both the ability and the right to access information either stored or communicated on our equipment. This includes electronic mail, voice mail, database files, and physical files. Even in cases where a password or secured file is used, employees should be aware that Lakeside can access all information stored or communicated on our equipment.

While Lakeside reserves the right to access and disclose the contents of employee voice mail and e-mail messages, we will only do so when there is a legitimate business need and the need is strong enough to offset the ministry's commitment to employee privacy.

In addition, Lakeside may inspect the contents of voice mail and e-mail messages or information stored in computer or physical files in the course of an investigation or as necessary to locate substantive information that is not readily available by some other means. Lakeside may disclose a voice mail or e-mail message or information stored in computer or physical files to law enforcement officials if the ministry has reason to do so.

Examples of Lakeside-owned property, equipment and technological resources include, but are not limited to, desks, file cabinets, computer related systems, e-mail systems, data-base files and work-related physical files, and cloud storage.

Performance Evaluations

We believe that as a passionate follower of Jesus you will also seek to be productive. Your supervisor is continuously evaluating your job performance. Day-to-day interaction between you and your supervisor should assist you in improving your performance.

Performance evaluations will be conducted on an annual basis. A review may also be conducted in the event of a promotion or change in duties and responsibilities.

During performance evaluations, your supervisor will consider all areas of performance as outlined on your job description. Examples of areas that are included on a performance review:

- **Character** - The combination of qualities, traits or features that distinguishes a Lakeside staffer (i.e. Good work ethic; positive attitude; strong follow-through; truth teller; consistent; etc...).
- **Competence** - The state or quality of being adequately or well qualified for your position at Lakeside (Each job requires a specific range of skill, knowledge, and ability).
- **Chemistry** - Lakeside staff has a dynamic interrelation between team members. So, there should be a mutual attraction and rapport that is consistently experienced.
- **Culture** - The culture of Lakeside is our DNA. It can be described by answering the question, "How do we behave?" At Lakeside, we want to be caring, generous and joyful.

One reason for performance evaluations is to identify your strengths and weaknesses, so as to reinforce your good work skills and habits and develop ways to help you improve in your weaker areas. When an employee receives a below average or poor performance review, the employee could be placed on a 30 to 60 day probation for performing at or below the expected level of work. Following the probation period the employee will be reevaluated.

Professional Conduct

In order to provide an excellent work environment and to maintain effective operations, Lakeside expects all employees to follow standards of conduct that reflect our Playbook, consistent with biblical standards, and that protect the interests, integrity, and safety of all employees and the ministry. "Whatever you do in word or deed, do all in the name of the Lord Jesus, giving thanks through Him to God the Father." (Colossians 3:17)

These rules and standards are necessary to protect the health and safety of all employees, to maintain uninterrupted work schedules, to maintain the integrity of our mission and ministry, and to protect Lakeside's good will and property.

To that end, Lakeside sets forth its ministry rules which, together with all other appropriate standards of conduct, employees are requested to follow. An employee who fails to maintain proper standards of conduct, or who violates any of the following rules, may subject him/herself to disciplinary action up to and including discharge.

Listed below are actions which may be subject to immediate discharge, or lesser penalties, depending upon individual circumstances such as seriousness of the offense, previous record of the employee,

seniority, etc. Discipline will be at the discretion of the Leadership Team and Business Administrator (these examples are merely illustrative and not comprehensive):

- Refusal to maintain agreement with any of the essential beliefs reflected in our Playbook, our Purpose or Mission.
- Falsification of information on company forms, reports, or records, including employee time records.
- Misappropriation of funds.
- Using abusive, threatening or vulgar language at any time
- Disorderly conduct of any kind on Lakeside premises, such as fighting, wrestling, roughhousing, or any other activity dangerous to life, limb, or property.
- Theft or inappropriate removal or possession of property belonging to Lakeside, a coworker, or a vendor.
- Possession or consumption of illegal drugs, or being under the influence of illegal drugs while on Lakeside premises, or bringing illegal drugs onto Lakeside premises.
- Possession of a dangerous weapon while at work.
- Improper ethical or moral conduct.
- Insubordination or refusing to obey instructions properly issued by your supervisor pertaining to your work.

Personal Conduct

Lakeside's mission is to transform as many people as possible into followers of Jesus. Lakeside employees are asked to commit themselves to this mission and to be strong representatives in their private conduct of the message Lakeside presents to the public. Because of our commitment to integrity, all Lakeside employees are responsible to live within the guidelines of Scripture.

In addressing the personal conduct of our employees, our concern will not be in the gray areas of theological controversy but in the areas where Scripture speaks with clarity. It is not our intent to create an atmosphere of spiritual legalism at Lakeside but to reflect our belief that the Christian life should be characterized by grace and truth.

When evaluating evidence of moral compromise, Lakeside will seek to follow the guidelines of Scripture on both addressing the issue (Matthew 18) and restoring the person (Galatians 6:1). Throughout the process, two chief concerns will be balanced: the restoration of the fallen staff member in his or her walk with the Lord and the preservation of Lakeside's organizational purity and integrity (1 Corinthians 5).

The following acts are a violation of Lakeside's standards for personal conduct and may result in disciplinary action, up to and including termination of employment. In determining what action to take, Lakeside will look at each case individually, considering the nature of the situation, the biblical principles involved, and the credibility of the employee's continuing in his or her role in light of the situation.

Sexual Immorality

In our society, sexual temptation and immorality abound. Scripture teaches that sexual relationships are beautiful and healthy within the context of marriage. Any sexual relationship outside of marriage is clearly sin (Leviticus 18:20; Hebrews 13:4). This includes premarital sex, adultery, incest, homosexual behavior, and other sexual activity condemned in Scripture. Strong moral character and purity bring glory to God. Therefore, any sexual behavior that is clearly inappropriate for the relationship is

prohibited, regardless of whether a sexual act was consummated. This also includes various forms of sexual impurity such as pornographic material, including but not limited to magazines, books, Web sites, and movies (Ephesians 5:3).

General Lifestyle

Scripture describes a variety of other behaviors as sin (Mark 7:20-23; 1 Corinthians 6:9-11; Galatians 5:19-21; Colossians 3:5-9). Some of these are easier to define (such as murder, theft, and drunkenness); others are more subjective. Should significant lifestyle issues arise, Lakeside will address them on an individual basis.

Dress Code & Personal Appearance

The goal is to present yourselves professionally and appropriately with the understanding of the group(s) you are ministering to/with. If you have any question as to what is considered appropriate, speak with your supervisor or the Lakeside Business Administrator.

Disciplinary Procedures

One goal of Lakeside as an employer is to work in a positive manner assisting an employee who is performing deficiently on the job. It is Lakeside's goal to counsel the employee positively, so as to allow him/her the opportunity to correct his/her problem behavior, or action, so that their performance on the job will once again be satisfactory. If the problem behavior or action does not result in discharge, Lakeside has the discretion to utilize any or all of the following steps in any given situation:

- The employee may be given a Verbal Coaching Session(s) by his/her supervisor. The supervisor shall document a written note of the verbal session. It is not necessary for the employee to receive a copy or sign the note.
- If the action or behavior continues, the employee may receive a Counseling Session(s) by his/her supervisor accompanied by a copy of the session in written format. A copy of said notice will be placed in the employee's file and the employee will receive a copy of the notice.
- If the action continues, the employee may receive a written Counseling Session/1-day suspension with pay. The written copy of the Counseling Session will be placed in the employee's file and the employee will receive a copy of the notice.
- If the employee has still elected not to correct the problem behavior or action, the final step in the disciplinary process could be termination from Lakeside.

During any disciplinary process, if the Leadership Team believes it will assist the employee in correcting his/her problem behavior or action, the employee could be placed on probation for up to 90 days.

Harassment

It is the desire of Lakeside to provide a harmonious, productive work environment. Lakeside will not tolerate verbal, written, or physical conduct by any employee which harasses, disrupts or interferes with another person's work performance or which creates an intimidating, offensive or hostile work environment based on race, color, sex (including pregnancy, childbirth, breastfeeding or related medical conditions), gender, religion (all aspects of religious beliefs, observance or practice, including religious dress or grooming practices), marital status, age, national origin or ancestry, physical or mental disability, medical condition (including cancer and genetic characteristics), military and veteran status or any other basis protected by federal, state or local law, ordinance or regulation.

Sexual Harassment

While all forms of harassment are prohibited within Lakeside, one form of harassment, strictly prohibited, and an unlawful act is that of sexual harassment. Lakeside believes that all employees are entitled to be treated with personal and professional respect. In keeping with this belief, it is our policy to provide a work environment free from sexual harassment.

Lakeside will not tolerate sexual harassment of any employee, by any Lakeside employee, member of the congregation, visitor, vendor or business associate. In addition, Lakeside will not tolerate any employee sexually harassing another employee, member of the congregation, visitor, vendor or business associate.

Examples of such conduct, include, but are not limited to:

- Sexual flirtations, touching, advances or propositions.
- Verbal abuse of a sexual nature.
- Graphic or suggestive comments about an individual's dress or body.
- Sexually degrading words to describe an individual.
- The display in the work place of sexually suggestive objects or pictures.
- Jokes of an inappropriate nature.

Any employee who believes that the actions or words of a supervisor, Lakeside employee, member of the congregation, visitor, vendor or business associate constitutes unwelcome harassment of ANY TYPE, has a right and responsibility to report, or complain, as soon as possible, in confidence, to the Lakeside Business Administrator or a member of the Leadership Team

Sexual harassment does not need to be motivated by sexual desire to be unlawful or to violate this policy. For example, hostile acts toward an employee because of his/her gender can amount to sexual harassment, regardless of whether the treatment is motivated by any sexual desire.

Executive management will immediately orchestrate an investigation of all complaints of harassment promptly, in the most confidential, impartial manner as possible. In all cases, the employee making the initial report will be advised of the findings.

Any employee, who is found, after appropriate investigation, to have engaged in harassment of another employee, client, or business associate, will be subject to appropriate disciplinary action, depending on the circumstances, up to and including termination.

Lakeside will not retaliate against you for filing a complaint and will not tolerate or permit such retaliation by any person in management or by other employees.

Confidentiality

The attendees of Lakeside entrust the pastors and staff with important information relating to their personal and financial lives. The nature of this relationship requires maintenance of confidentiality. In safeguarding the information received, Lakeside earns the respect and further trust of our church attendees.

One's employment with Lakeside assumes an obligation to maintain confidentiality, even after one leaves our employ.

Any violation of confidentiality seriously injures Lakeside's reputation and effectiveness. Do not discuss any confidential information from any Lakeside ministry with anyone who is not authorized to know, and never discuss church transactions with anyone who does not have a direct association with the transaction. Casual remarks can be misinterpreted and repeated, so develop the personal discipline necessary to maintain confidentiality. If you hear, see, or become aware of anyone else breaking this trust, consult with the Lakeside Business Administrator immediately.

If you as an employee of Lakeside receive a request for information from anyone, and you are unsure of the appropriateness of providing the requested information, remember that no one is required to give an answer. Instead, as politely as possible, refer the request to the appropriate person.

No one is permitted to remove or make copies of any of Lakeside records, software, reports or documents without prior written consent of the Lakeside Business Administrator. Because of its seriousness, unauthorized disclosure of any form of Lakeside confidential information could lead to termination. (6.02 Employee Acknowledgement of Agreement 1)

Access to Personnel & Medical Records

It is Lakeside's policy to allow employees' access to their personnel and medical files in accordance with California State Law. In addition, the immediate supervisor of any employee will also have access to an employee's personnel file as it relates to the employee's job performance and evaluation. Certain documents may be excluded or redacted from your HR file by law, and there are legal limitations on the number of requests that can be made.

You may designate a representative to conduct the inspection of the records or receive a copy of the records. However, any designated representative must be authorized by you, in writing, to inspect or receive a copy of the records. Lakeside may take reasonable steps to verify the identity of any representative you have designated.

The HR records may be made available to you either at the place where you work or at a mutually agreeable location (with no loss of compensation for going to that location to inspect or copy the records). The records will be made available no later than 30 calendar days from the date Lakeside receives your written request to inspect or copy your HR records (unless you/your representative and Lakeside mutually agree in writing to a date beyond 30 calendar days but no later than 35 calendar days from receipt of the written request).

Electronic Communication Systems

Lakeside recognizes that the different methods of electronic communication are growing at an ever-increasing speed as technology continues to multiply. As a result, careless use of electronic communication systems can have surprising consequences for the sender, receiver and the organization as well.

It is therefore important to address the appropriate access, creation, use, and disclosure of messages and/or information delivered over any existing or future electronic communications systems at Lakeside. These systems include but are not limited to: e-mail, voice mail, fax machines, cell phones, televisions, DVD's and internet related technologies.

All electronic communication systems, internet related resources, computers, and access to the internet are provided by Lakeside on the employees' behalf to facilitate the fulfillment of the employee's responsibilities as shared by Lakeside. These resources are intended to allow communication via the above listed electronic communication systems to support the goals of Lakeside.

Acceptable Use

In the course of one's job an employee may use these tools and resources to communicate internally with co-workers or externally with church attendees, consultants, vendors and other ministry acquaintances. At its discretion, Lakeside provides electronic communication tools to some of its employee's in order to facilitate business communication and to enhance productivity.

Viewing and Unacceptable Content

The use of information resources to access any service on the internet is reserved for Lakeside employees and Lakeside contractors for the direct support of legitimate Lakeside ministry objectives. All internet activity, including email, is the property of Lakeside and Lakeside reserves the right to monitor and log all activities by any or all employees of Lakeside without further notification.

Internet or other sources of material that conflicts with Lakeside's values and is not compatible with a productive work environment should not be accessed. Access to such material can also result in potential legal liabilities to Lakeside. Examples of restricted sites include, but are not limited to, non-ministry related "chat" groups, pornography of any kind, criminal skills and illegal activities, dating services and discussions, the purchase and use of illegal or recreational drugs, extreme or obscene material, gambling, hate speech, on-line sales of merchandise that is clearly not ministry related, sports, non-business travel, games, and entertainment.

Under NO circumstances may any posting, voice mail or e-mail originating at Lakeside or a Lakeside computer or electronic device be in violation of Lakeside's policy relating to harassment or discrimination of any type. For viewing purposes, this also includes the viewing of any web sites, television programs, DVDs or videos.

Electronic Forgery

Electronic forgery is defined as misrepresenting your identity in any way over our electronic communications systems. Electronic forgery of a posting is not allowed for any purposes, including "humor" or "cleverness". Any employee may not misrepresent, obscure or in any way attempt to subvert the information necessary to identify the real person responsible for a posting. Use of another user's account for a posting is also not permitted under any circumstances.

Confidentiality of Messages

All electronic mail (e-mail) and voice mail messages are Lakeside's records. The contents of one's e-mail or voice mail may be disclosed within Lakeside without an employee's permission. Therefore, no employee should assume that any electronic messages sent or received would be kept confidential within the ministry.

Access to Computers, Voice mail & E-mail Systems

Email correspondence of any kind is a permanent record and it is both a binding and admissible "document" in a court of law in the United States, just like any "paper" document or communication. Email sent from Lakeside's ministry domain travels on the "letterhead" of Lakeside just as if it was

printed on the paper letterhead of Lakeside. Therefore, email sent by any employee of Lakeside is subject to all of the same Lakeside rules as any other type of correspondence sent out on paper.

Lakeside will permit an employee to use its electronic mail and voice mail systems subject to the following:

- Minimal personal use of the e-mail system is permitted
- The e-mail and voice mail systems are not to be used in any way that may be disruptive, offensive to others, or harmful to morale. For example, sexually explicit images, ethnic slurs, racial names, or anything else that may be construed as harassment or bad-mouthing of others based on their race, national origin, sex (gender), sexual orientation, age, disability, marital status, medical condition, veteran status, or political beliefs may not be displayed or transmitted.
- Employees should not attempt to gain access to another employee's personal file of e-mail messages without the other person's express permission.
- Except for monitoring or for work purposes when the employee is not present, Lakeside management will not enter an employee's personal e-mail files unless there is a business need to do so. System security features, including passwords and message delete functions do not neutralize the organization's ability to access any message at any time. Employees must be aware that the possibility of such access always exists.

Installation and External Devices

No employee may install or use anonymous e-mail transmission programs or encryption of e-mail communications, except as specifically authorized by the Lakeside Business Administrator. No employee may install any software of any nature without the permission of the Business Administrator and the installation support of the IT department.

Employees who use devices on which information may be received and/or stored, including but not limited to cell phones, portable storage drives, cordless phones, portable computers, fax machines, and voice mail communications are required to use these methods in strict compliance with the trade secrets and confidential communication policy established by Lakeside. These communications tools should not be used for communicating confidential or sensitive information.

Consequences of Misuse

If in the course of investigating behavior triggered by indications of impropriety and Lakeside determines that an employee is misusing the e-mail system or any other means of electronic communication, the employee could be subject to disciplinary action up to and including termination.

If you have any questions or concerns regarding this policy, contact the Lakeside Business Administrator or your immediate supervisor.

Possession or Use of Controlled Substances

Lakeside is concerned about the use of illegal drugs or controlled substances as it affects the workplace, Lakeside and our effectiveness with both co-workers and church attendees. Use of these substances, whether on or off the job can adversely affect an employee's work performance, efficiency, safety and health and therefore seriously impair the employee's value to Lakeside and those with whom they work. In addition, the use or possession of these substances on the job constitutes a potential danger to the

welfare and safety of other employees and exposes Lakeside to the risks of property loss or damage, or injury to other persons.

Therefore, the rules and standards of conduct listed below apply to all employees either on Lakeside property or during the workday (including meals and rest periods). Lakeside strictly prohibits the following situations:

- Distribution, sale, or purchase of an illegal or controlled substance while on the job.
- Possession or use of an illegal or controlled substance, or being under the influence of an illegal or controlled substance while on the job.

So as to ensure compliance with this policy, Lakeside may require alcohol and controlled substance testing for the following reasons:

- Any employee who has entered or completed a drug or alcohol rehabilitation program as a condition of returning to work. Having returned to work, this will also include the employee submitting to random drug and alcohol testing for a period of eighteen (18) months.
- All employees who are “reasonably suspected” of being intoxicated, under the influence of alcohol or an illegal or controlled substance while on Lakeside property or engaged in Lakeside business. This could include employees involved in injury/accidents while on Lakeside property or while engaged in Lakeside business.

If an employee is requested by management to go to a Lakeside medical facility for observation and possible alcohol/substance testing, and the employee refuses and/or the employee refuses to be tested by a medical professional; the employee’s refusal will constitute insubordination and could be grounds for termination.

Any employee who is using prescription or over-the-counter drugs that may impair the employee's ability to safely perform the job, or affect the safety or well-being of others, needs to notify their supervisor of such use immediately before starting or resuming work of any type.

It is Lakeside’s desire to assist in the restoration of any employee who is struggling with a substance abuse problem and is seeking help. Such employees may be eligible for unpaid time off to participate in a rehabilitation program. Please contact the Lakeside Business Administrator for more information about the benefits available under the employee medical benefit plans and any possible referral sources.

Note that Lakeside is not obligated, however, to continue to employ any person whose performance, of essential job duties, is impaired because of drug or alcohol use, nor is Lakeside obligated to re-employ any person who has participated in treatment and/or rehabilitation if that person's job performance remains impaired as a result of dependency. Rehabilitation is an option for an employee who acknowledges a dependency and voluntarily seeks treatment to end that dependency.

Lastly, an employee's conviction on a charge of illegal sale or possession of any controlled substance while off Lakeside property will not be tolerated, because such conduct, even though off work hours, reflects adversely upon the ministry of Lakeside. In addition, Lakeside must keep people who sell or possess controlled substances off Lakeside’s premises, in order to keep the controlled substances themselves off the premises.

Voluntary Resignation

An employee who fails to report to work for 3 (three) consecutively scheduled workdays without notice to, or approval by, his/her supervisor, will be considered to have voluntarily terminated/resigned their employment with Lakeside.

If you should find it necessary to terminate your employment voluntarily, we ask that you give adequate notice — preferably no less than two weeks, and for certain key employees, 30 days. All notices of resignation are required to be in writing. Since the purpose of the notice period is to facilitate a smooth transition, this advance notice should not include vacation time.

At the time of termination, all Lakeside owned property must be returned and any questions regarding your final paycheck benefit analysis and earned PTO will be answered.

Attendance

Each member of our staff has an important role in the ministry of Lakeside. As a result, any employee's tardiness or absence impacts their department and Lakeside as a whole.

When employees cannot avoid being late to work or are unable to work as scheduled, they should call and notify the receptionist directly as soon as possible in advance of the anticipated tardiness or absence but within thirty (30) minutes of their normal start time. In the event that tardiness or absenteeism becomes a problem with a staff member, their supervisor will initiate the employee discipline process. If the problem continues unresolved, it may eventually lead to termination of employment.

Employees who are absent from work for three (3) consecutive workdays without notifying their supervisors will be determined to have abandoned their jobs, and their employment will automatically be terminated on the fourth consecutive workday.

Problem Resolution

Notify Your Immediate Supervisor

Most often you can find a prompt and satisfactory solution to your employee-related problem by simply discussing the situation with your immediate supervisor.

We believe in pursuing a Biblically-based conflict resolution process as described in Matthew 18:15: “Moreover if your brother sins against you, go and tell him his fault between you and him alone.”

Your supervisor is available to provide guidance and resources for your work assignments and to discuss your progress. When you need help, have questions, complaints, grievances, problems, or suggestions, we encourage you to contact your supervisor first. He or she is interested in your professional and spiritual growth, your success, as well as the excellence of your department and the ministry as a whole.

Even in a problem resolution process, when an employee believes he/she has been wronged, the grander picture is a focus on the improvement of relationships when they are tested. Jesus always treated people with a displayed value, even when the person did something that was in question, based on who the person was, a child of God. However Jesus also treated people differently, based on what the person did, when the person was a poor steward of their skills and responsibilities. That is the desired process within the grievance procedure of Lakeside.

If you experience a problem or have a concern related to your work at Lakeside, we want to assist you so that the situation is dealt with quickly and fairly. Your concerns may involve difficulties in work relationships, questions about processes or procedures, issues related to workload, the need for further training or resources, questions about ministry objectives, and the like. We encourage you to use the following procedure and want to reassure you that you will not be penalized for expressing your views.

If speaking with your supervisor does not resolve the issue, use the following process:

Notify Your Secondary Supervisor

If you are not satisfied with the answer or resolution you received from your supervisor, present the problem to his or her supervisor.

At any point in the process of resolving an employee-related problem, you may seek counsel from the Lakeside Business Administrator

Notify the Senior Leadership Team

Before taking any action outside of Lakeside on an employee-related issue, it is requested that you present the issue in writing to the Lakeside Business Administrator. He will work to coordinate an appropriate solution for all parties concerned.

Information concerning an employee grievance is to be held in strict confidence. Ministry Supervisor or a member of the Leadership Team and employees who are involved in a grievance are to discuss it only with those individuals who have a need to know, and then only with the approval of the Lakeside Business Administrator. Any person(s) who shares private information or gossip, could be disciplined, up to and including termination.

Conflict of Interest

The employment of relatives can cause various problems including but not limited to charges of favoritism, conflicts of interest, family discord and scheduling conflicts that may work to the disadvantage of both Lakeside and its employees.

For the purposes of this policy the term “relative” shall include the following relationships: relationships established by blood, marriage or legal action. Examples include the employee’s: spouse, mother, father, son, daughter, sister, brother, mother-in-law, father-in-law, sister-in-law, brother-in-law, son-in-law, daughter-in-law, stepparent, stepchild, aunt, uncle, nephew, niece, grandparent, and grandson or cousin.

It is the goal of Lakeside to avoid creating or maintaining circumstances in which the appearance or possibility of favoritism, conflicts or management disruptions exist. Lakeside may allow existing personal relationships to be maintained or employ individuals with personal relationships to current employees under the following circumstances:

- Individuals may not work under the supervision of the same manager;
- They may not create a supervisor/subordinate relationship with a family member;
- They may not supervise or evaluate a family member;
- The relationship will not create an adverse impact on work productivity or performance;
- The relationship may not create an actual or perceived conflict-of-interest;
- They may not audit or review in any manner the individual’s work.

No personal employee relationship covered by this policy will be allowed to be maintained, regardless of the positions involved, if it creates a disruption or potential disruption in the work environment, creates an actual or perceived conflict of interest or is prohibited by any legal or regulatory mandate.

This policy must be considered when hiring, promoting or transferring any employee.

Should relationships addressed within this policy be identified with either candidate for employment or, current employees the matter should be immediately reported to the Business Administrator and the following policies and procedures will be followed:

- A determination will be made whether the relationship is subject to Lakeside’s Nepotism policy based on the conditions described above.
- If the relationship is determined to fall within one or more of the conditions described in this policy the Business Administrator in consultation with the affected employees and a member of the Leadership Team will attempt to resolve the situation through the transfer of one employee to a new position or identifying some other action (e.g., Supervisory reassignment) which will correct the conflict or issue identified. If accommodations are not feasible then, with affected employee suggestions, the Business Administrator in consultation with a member of the Leadership Team shall determine which employee must resign in order to resolve the situation.

Lakeside reserves the right to exercise appropriate managerial judgment to take such actions as may be necessary to achieve this intent of this policy. Lakeside reserves the right to vary from the guidelines outlined in this policy to address unusual circumstances on a case by case basis.

It is the responsibility of every employee to identify to the Business Administrator any potential or existing personal relationship which falls under the definitions provided in this policy. Employees who fail to disclose personal relationships covered by this policy will be subject to disciplinary action up to and including the termination of employment.

Parking

Lakeside is not responsible for any loss or damage to employee vehicles or contents while parked on or near Lakeside property.

On weekends employees are required to park in the distant parking areas so that our attendees and guests have the parking spots closer to the church buildings.

Workplace Security

As an employee of Lakeside, one of your primary responsibilities is the protection of our employees, visitors, and assets of Lakeside. This effort requires each employee's full dedication. Nothing is to be carried out that would potentially jeopardize ANY person IN ANY WAY while at Lakeside.

All employees are responsible for using safe work practices, for following all directives, policies and procedures, and for assisting in maintaining a safe and secure work environment. Be aware of persons loitering for no apparent reason (e.g. in parking areas, walkways, and entrances/exits). Any suspicious persons or activities should immediately be reported to your supervisor.

Close and secure the desk and files you use at the end of the day or when called away from the area you work for an extended length of time. Do not leave valuable and/or personal articles in or around your workstation that may be easily accessible to other parties. If a problem arises that requires attention from the police or fire department, a supervisor or someone appointed by the supervisor should immediately call 911 for assistance.

Keys

Keys will be assigned to the appropriate individuals when they meet with the HR Coordinator during a time of building orientation. The security of the building and its equipment has motivated us to limit the number of keys available and implement the policy below. The thought is not to limit the use of the building for ministry but rather to be good stewards of this structure so it may be used effectively for God's purposes.

- No key will be assigned until the individual agrees to the key policy. See the Lakeside Business Administrator to receive a copy.
- Keys will not be loaned nor duplicated
- Keys will not be assigned until the Director of Facilities gives orientation on opening, closing and emergency procedures.
- Key will be returned when the need is no longer valid
- Violation of the policy may result in the forfeiture of any keys.

Use of Lakeside Vehicle or Personal Vehicle for Lakeside Business

Any employee who is required to drive a Lakeside vehicle or their own vehicle on Lakeside business must fill out a drivers form. They will need to bring a copy of their current valid driver's license and a copy of proof of current auto insurance coverage to the Lakeside Business Administrator before they begin to drive. The copy will remain on file at the front desk.

It is the responsibility of any employee driving a Lakeside vehicle to maintain a copy of his/her current driver's license and current automobile insurance with the Finance Office. Any renewals and/or changes need to be copied and given to the Front Desk timely prior to usage.

Lakeside retains the right to suspend, terminate or transfer an employee to an alternative position whose license is revoked, fails to maintain personal automobile insurance coverage or who is uninsurable under Lakeside's policy.

Employees who drive their own vehicles on Lakeside business will have two options for gas reimbursement:

Option #1 Fill out a vehicle log for your mileage and you will be reimbursed at the IRS standard mileage rate for charitable organizations.

Option #2 Fill your vehicle prior to use, upon return fill your vehicle and submit a gas receipt for the fuel used. Either option for reimbursement should be requested through the Finance Office within 10 days.

Cell Phone Use & Reimbursement

Lakeside recognizes that cell phones have become a valuable tool in managing your ministry and personal lives. Cell phones can raise a number of issues involving safety, security, and privacy. Employees should confine personal cell phone calls and texting to particular hours of the day, such as lunch breaks or other rest period breaks. Employees should be courteous of their co-workers and keep ring tones on vibrate or low while at work.

Lakeside requires the safe use of cell phones by employees who use them to conduct ministry business. Employees are required to obey all applicable state and local laws regarding cell phone use while driving.

Employees who use cell phones while on ministry business should refrain from making or receiving work-related calls or text while driving. If an employee needs to make or receive a work-related phone call while driving, the employee should make sure the vehicle is stopped and parked in a proper safe parking area for the call or be equipped with a hands free device.

Due to the safety, stewardship and potential liability reasons, employees who violate this policy could be subject to disciplinary action up to and including termination from employment.

Computer Software Policy

Lakeside Church has invested substantial funds to provide the computers and software necessary to do our jobs and to make us legal users. The purpose of this policy is to establish guidelines for maintaining the safe and legal use of our computers and software. We desire to set a good example and show that we honor the legal use of software and are doing all that is possible to insure we are and will remain legal. Also, software that is copied from other users or is not installed properly from the original disks often will not work properly with the rest of our equipment and may even corrupt our other software. With this in mind, we adhere to the following policy:

- Unless an employee brought a computer from home, all the computers and software in Lakeside's facilities are the property of Lakeside Church and are to be under the control of the church for use by the church staff. The Business Administrator, or the person he/she designates, serves as Lakeside's computer administrator. It is his/her responsibility to review the use of software on our computers on an ongoing basis and, after consulting with the Business

Administrator, to take any action necessary to keep us operating legally and safely. No privately owned computer is to be plugged into our network for access to our file servers. If a privately owned computer is to be plugged into our network for purposes of printing documents, the computer must first be reviewed by our computer administrator.

- No software which Lakeside has installed on a church computer is to be copied for use on any other computers here or at home.
- Software used on Lakeside computers should be owned by the Church for each computer and installed by the computer administrator. The church discourages individuals from purchasing software for use on Lakeside Church computers. If software on one of our computers is not owned by the church but is owned by the user of the computer, proof of ownership must be given to the computer administrator for our files. After reviewing your software installation, he/she may ask for the original disks so the software may be reinstalled if necessary.
- The computer administrator will install, upgrade, or delete any software as necessary for the legal use and maintenance of the computer. This means that software not documented by the church may be removed from any computer where it is found.

Social Media & Networking

Lakeside views social networks such as web based discussion or conversation pages and other forms of social networking such as Facebook, Twitter, etc. as significant new forms of public communication. As such, we hold all of our employees who engage in social networking to the same standards we hold for any public communications such as: comments to a TV, radio or news reporter. Therefore, all employees have an obligation to Lakeside to ensure that any public communication they make, including social networking communications, must not negatively impact the reputation of Lakeside or bring disrepute in any way to Lakeside, its partners, customers, suppliers, etc. Further, only a select group of employees are authorized to publicly speak on behalf of Lakeside. Therefore, employees must have prior authorization to be a Lakeside spokesperson to the extent their social networking communications represent, or appear to represent the official Lakeside view or perspective on any particular topic. Violations of this policy will result in discipline which may include termination, depending on the severity of the situation and its impact on Lakeside.

Additionally, engaging in social networking during your workday can negatively impact your productivity and work performance. Therefore, it is your responsibility to regulate your social networking so that it does not impact your productivity or cause you performance issues.

Identified below are general guidelines and examples of prohibited communications. Please note that this list shows examples only and is not intended to be, nor is it, an exhaustive list of prohibited communications. Instead, we have included this list to provide you guidance with respect to your social networking and other public communications.

General Guidelines and Examples of Prohibited Communications

- Assume at all times you are representing Lakeside when engaging in any form of social networking.
- If you wouldn't say it on the air or have a reporter write it in a column, don't tweet it, post it on Facebook or post it on any public web page.
- Exercise discretion, thoughtfulness and respect for your colleagues, business associates, customers, and our partners.

- Do not discuss internal policies or operations issues in any manner that could reflect poorly on Lakeside.
- Do not engage in public criticism or disparagement of Lakeside personnel, customers, partners, suppliers.
- Confidential or proprietary Lakeside information or similar information of third parties who have shared such information with Lakeside should not be shared on any social networking site.
- Be mindful that all public communications that reference Lakeside, including social networking communications, are subject to review by Lakeside, and may lead to discipline to the extent the public communication harms Lakeside.

Gifts

Lakeside pastors are not allowed in any way to solicit a fee for performing a wedding or funeral. By policy, these services are provided at no cost to our church members. However, honorariums given to individual staff for guest speaking, performing weddings, or performing funerals, may be received on an unsolicited basis.

Facility Use & Event Scheduling

The building is here to be used for the purpose of ministry. Lakeside Church is grateful to God for supplying us with a facility which can be used effectively to minister to the body of Christ and to reach the lost. The staff is expected to be conscientious and model the proper care of the facility. The following procedures have been put in place to ensure the building will be ready and in good condition for ministry.

- Schedule any use of the building as far in advance as possible. The facility is used extensively!
- Check the master calendar to see what has been scheduled.
- Complete an Event / Facilities Request form, available in the church office. No facility space is definitely scheduled until you receive confirmation by phone contact or email and your space reservation is posted on the church calendar. Requests for space should be made as early as possible.

All church related events on-site or off-site need to be placed on the church calendar. Complete an Event / Facilities Request form, on line and submit the form. Allow two weeks for confirmation by phone contact. Once approval has been received, then you may begin planning the event. If you have been denied the date requested, an alternative date will be suggested. If you cancel your date, please contact the church office so that date can be made available to other groups. All calendar dates flow through the calendar & event coordinator so as to coordinate important Church events.

Housekeeping

It is each employee's responsibility to clean-up after themselves. All employees are expected to have their personal work areas clean, organized and clear of any sensitive paperwork prior to leaving at the end of the day.

Due to the lack of storage space, employees are asked to bring only food for the actual day they are working, and no more. Every Friday all food remaining in the refrigerator(s) is thrown away for the sanitary protection of everyone. All employees are to clean up after every meal and dispose of their trash properly.

Recreational Activities & Programs

Lakeside or its insurer will not be responsible for the payment of worker's compensation benefits for any injury that arises out of an employee's voluntary participation in any off-duty recreational, social, or athletic activity that is not part of the employee's work-related duties.

Solicitation

Solicitation from outside parties is not permitted on Lakeside property. If you, as an employee, have a service or product you would like to promote, ask your supervisor for approval. Seek the approval of the Lakeside Business Administrator if you would like to present your service or product to other staff during breaks or meal periods.

BENEFITS & TIME OFF

Paid Time Off (PTO)

Lakeside Church recognizes the value of rest and relaxation and encourages employees to use Paid Time Off. PTO provides one convenient system of short term leave for the majority of reasons an employee may desire to take paid time away from work. This includes, but is not limited to, vacation time, sick leave, family illness (Kin Care), doctor's appointments, personal time, etc. All full-time/part-time regular employees will receive PTO as a benefit of employment. Little Steps and Facilities Workers are not eligible for the Lakeside PTO policy.

Accrual

An eligible employee accrues PTO at a set rate from their employment start date. An employee may begin using PTO subject to approval by their supervisor. Full Time Employees accrue PTO on a daily basis. Part Time Employees accrue PTO on an hourly basis, calculated upon actual hours worked.

<i>Part Time Employee PTO Earnings</i>			
<i>Years of Service</i>	<i>Accrual Rate / Per hour worked</i>	<i>Days Accrued Annually</i>	<i>Accrual Max</i>
0 - 2 Years	0.0385 hours	10 days / 2 weeks	15 days / 3 weeks
3+ Years	0.0577 hours	15 days / 3 weeks	20 days / 4 weeks

<i>Full Time Employee PTO Earnings</i>			
<i>Years of Service</i>	<i>Accrual Rate / Per Payroll</i>	<i>Days Accrued Annually</i>	<i>Accrual Max</i>
0 - 2 Years	3.0769 hours	10 days / 2 weeks	15 days / 3 weeks
3 - 7 Years	4.6154 hours	15 days / 3 weeks	20 days / 4 weeks
8 - 20 Years	6.1538 hours	20 days / 4 weeks	25 days / 5 weeks
20+ Years	7.6923 hours	25 days / 5 weeks	30 days / 6 weeks

Employees are encouraged to take extended vacations to rest and enjoy family time. It is important that employees maintain a balanced lifestyle so that burnout, fatigue and lack of family time do not become a problem.

Approval Process

An employee wishing to schedule Time off and use their PTO needs to first seek approval from their immediate supervisor by completing an OORF "out of office request form" on the Lakeside website. The request should be submitted at a minimum of two (2) weeks prior to the time off requested. Once your supervisor approves your requested time off, will need to provide the following information to any staff member that will be affected by your time off:

- The dates you will be gone
- Who is filling in for you while you are gone

It is recommended that this information be emailed to your supervisor and the staff affected from your time off.

PTO scheduled as a vacation will be approved based upon need, employee staffing availability on weekends, and other employee requests previously received. Seniority at Lakeside will also be

considered in the decision. Weekends are important times for Lakeside. Requests for days off on Weekends should be kept to a minimum. The Leadership Team reserve the right to make the final decisions based upon ministry needs.

Regular part-time employees are required to follow the same approval process for unpaid vacation time off. After the time off has been taken, if there is a difference between what was approved and what was actually taken, the employee is responsible to contact HR to adjust your PTO balance.

If an employee is sick or needs to care for a sick family member and has PTO available, a phone call and/or e-mail to the reception desk is all that is required to notify Lakeside of the need for PTO and illness. The front desk will convey that information to the employee's direct supervisor and HR. The employee also needs to enter the PTO in the time-log and submit it to their supervisor for approval.

Advances

When an employee has exhausted their PTO, he/she may request either an unpaid personal leave or an advance on his/her next year's PTO. Such requests shall be made to the Lakeside Business Administrator in writing.

Unused PTO

Employees may not accrue any PTO once they've reached their annual maximum plus 5 days. Once they've reduced their PTO below the annual maximum plus 5 days, they will start to accrue on their specific accrual basis.

Sick Leave

Employees may need time off from work to handle personal health matters, not only for themselves but for their loved ones. All employees working for Lakeside will be eligible for paid sick leave.

Each calendar year, all employees will receive 24 hours of paid sick leave available for use immediately. Any new hires starting after the start of the 12 month period described above, will receive 24 hours of paid sick leave, also available for use immediately. Sick time does not carry over each year.

Should your employment with Lakeside end, whether voluntarily or involuntarily, your unused sick leave will be forfeited at that time. Paid sick leave is not seen as a form of wages and therefore employees are not due any compensation for unused sick leave at the time that the employment relationship ends.

In the event that your employment with Lakeside ends but you re-join the church staff within a year of that time, any previously unused sick leave will be reinstated to you at that time.

Requests to use paid sick leave should be presented to your supervisor or Human Resources in advance if the need for paid sick leave is foreseeable. If the need for paid sick leave is unforeseeable, then notice should be provided as soon as practical.

Sabbatical

Time for a sabbatical leave for restoration or advance studies is available to the ordained or licensed Pastoral/Ministry Director staff only, not available for support Director's. It is to be oriented toward directly enhancing the pastor's/director's ministry at Lakeside or to provide rest and rejuvenation. The individuals previously outlined above have available to them five weeks of sabbatical leave for every five years of service with Lakeside Church.

Prior approval of a formal written proposal to the Leadership Team is required. The proposal must address the purpose of the proposed leave, a method for covering the pastor's Lakeside Church ministries during the leave, and a commitment to a continuing positive relationship with Lakeside Church.

A sabbatical leave is not to be used to solve employee relations problems.

Birthday Day Off:

- Must submit an OORF two weeks in advance with their supervisor
- If taking off this day creates a hardship within the department, the immediate supervisor has the authority to require this day off be rescheduled. It should be rescheduled and taken within one week of the originally scheduled date per Supervisor approval
- This benefit should be taken as a regular day off.
- This day must be taken one week prior or one week after your birthday or within the parameters identified above, otherwise the day off is forfeited
- If the employee is not physically at work during the month of their birthday (sick leave, FMLA, vacation, etc.), then the day is forfeited

Holidays

Any full, part time, or employee classified as a protégé, who is regularly scheduled to work on a holiday observed by Lakeside Church, may be eligible for paid time off. Holidays observed by the church are:

- New Year's Day
- Martin Luther King Jr. Day
- President's Day
- Memorial Day
- Independence Day
- Labor Day
- Veterans Day
- Thanksgiving
- Day after Thanksgiving
- Christmas Day

During the month of December of every calendar year, the Lakeside Business Administrator will publish and distribute the exact dates of the Lakeside holidays for the New Year.

To be eligible for holiday pay an employee must be regularly scheduled to work on the day that Lakeside observes the holiday.

In the event that a holiday falls on a Saturday or Sunday, it is customarily observed on the preceding Friday or the following Monday. If a holiday occurs during an employee's scheduled vacation, the holiday is not counted as a vacation day.

An employee is not eligible to receive holiday pay when they are on an unpaid leave of absence.

Healthcare Benefits

Lakeside provides comprehensive healthcare and income protection benefits for eligible employees and their dependents. Benefit eligibility may be dependent upon your employee classification (full-time versus part-time, for example) and on length of continuous employment at Lakeside. Benefit eligibility requirements may also be imposed by the plans themselves.

The types of plans offered through Lakeside church are:

- Medical
- Dental
- Vision
- Short Term Disability
- Long Term Disability
- Life Insurance

Upon becoming eligible for certain employee benefit plans, you will receive Summary Plan Descriptions which describe the benefits in greater detail. For information regarding employee benefits and to answer any questions you may have contact Lakeside's Business Administrator.

Lakeside reserves the right to modify, amend or terminate benefits and to modify or amend benefit eligibility requirements at any time and for any reason, subject to any legal restrictions. In general, however, changes to Lakeside Church's Employee Benefits Program will be announced during our open enrollment in December of each year.

Other Insurance Benefits

Continuation of Group Health Insurance ("COBRA")

Federal law requires that Lakeside provide employees and their families the opportunity to elect a temporary extension of health benefits called "COBRA." For detailed information, please see the Lakeside Business Administrator for a copy of the COBRA notification. Please examine the options carefully before declining group coverage or continuation of coverage, such as COBRA, that may be available to you. The employee should be aware that companies selling individual health insurance typically require a review of medical history that could result in a higher premium or denial of coverage entirely. Any questions regarding continuation of group health benefits should be directed to the Lakeside Business Administrator.

4.04 (c) State Disability Insurance

Most California employees are covered under the California State Disability Insurance plan (SDI). The SDI is state-mandated, and funded through employee payroll deductions. SDI provides affordable, short-term benefits to eligible workers who suffer a loss of wages when they are unable to work due to a non-work-related illness or injury, or a medically disabling condition from pregnancy or childbirth. More information can be obtained from the Lakeside Business administrator.

SDI & PFL

Each employee contributes through payroll tax to California's state disability insurance programs. State Disability Insurance (SDI) is mandated by the California Unemployment Insurance Code and administered by the Employment Development Department.

SDI is payable when you cannot work because of illness or injury not caused by employment at Lakeside Church. An additional tax funds the state's Paid Family Leave (PFL) program, and provides partial wage replacement for absences related to care of a family member, or bonding with a new child.

Specific rules and regulations governing disability are available at www.edd.ca.gov.

Unemployment Insurance

Employees who are laid off may be eligible to receive unemployment insurance payments. In most cases, an employee must file a claim in order to collect this benefit. The Business Administrator will provide employees with more information about unemployment insurance. Pastors/Directors with housing allowance are not eligible for unemployment insurance.

Workers' Compensation Insurance

California Law requires Lakeside to provide and pay for medical treatment if an employee is injured at work. Lakeside will provide this medical care by using a Workers' Compensation Medical Provider Network (MPN). For full description of the program and employee rights in choosing medical care for work related injuries and illnesses, please see The Lakeside Business Administrator. Workers' compensation insurance provides benefits to employees who sustain injuries on the job or illnesses caused by an employee's work. Any employee injured on the job must report the injury to his or her supervisor immediately in order for the proper reports to be filled out. Any fraudulent claim for workers' compensation benefits may result in termination of employment and criminal prosecution resulting in serious fines and/or imprisonment.

Retirement | 403(b) Plan

Lakeside offers a retirement plan for all exempt full-time employees.

Employees may voluntarily contribute to the plan up to the maximum amount allowed by law. Contact the Lakeside Business Administrator for the plan description and further information.

Leaves of Absence

At Lakeside Church the norm is to have employees at work, however when this is not possible, Lakeside may grant a leave of absence within specific circumstances. However, if granted a leave and it expires and the employee has not contacted their supervisor or the Lakeside Business Administrator for three (3) days, it would be assumed that the employee does not plan to return to work and that the employee has terminated their employment voluntarily. If an employee is away from work for any reason for longer than six (6) months, it is the policy of Lakeside to automatically terminate the employee.

Lakeside will continue to pay premiums for health or any other insurance coverage for employees on leave of absence for a maximum of six (6) months while an employee is out on a leave of absence (except for work-related medical leaves of absence).

If an employee is on an approved, non-work-related leave of absence for a period of less than thirty (30) days, that employee's PTO accrual will not be affected. Should the leave extend beyond thirty (30) days PTO time will not continue to accrue.

A leave of absence may be requested for personal or medical reasons subject to the following:

Pregnancy Disability Leave

Any female employee planning to take pregnancy disability leave should advise the Lakeside Business Administrator as early as possible and make an appointment to discuss the timing of their leave.

- The duration of an employee's pregnancy disability leave will be determined by the advice of the employee's physician, but employees disabled by pregnancy may take up to four months. Part-time employees are entitled to leave on a pro rata basis. The four months of leave includes any period of time for actual disability caused by the employee's pregnancy, childbirth, or related medical condition. This includes leave for severe morning sickness and for prenatal care.
- Lakeside Church will also reasonably accommodate medical needs related to pregnancy, childbirth, or related conditions or temporarily transfer you to a less strenuous or hazardous position (where one is available) or duties if medically needed because of your pregnancy.
- Employees who need to take pregnancy disability must inform Lakeside Church when a leave is expected to begin and how long it will likely last. If the need for a leave or transfer is foreseeable, employees must provide notification at least 30 days before the pregnancy disability leave or transfer is to begin.
- If 30 days' advance notice is not possible, notice must be given as soon as practical;
- Pregnancy leave usually begins when ordered by the employee's physician. The employee must provide the Lakeside Business Administrator with a certification from a health care provider. The certification indicating disability should contain:
 1. The date on which the employee became disabled due to pregnancy;
 2. The probable duration of the period or periods of disability; and
 3. A statement that, due to the disability, the employee is unable to perform one or more of the essential functions of her position without undue risk to herself, the successful completion of her pregnancy, or to other persons.
- Leave returns will be allowed only when the employee's physician sends a release;
- An employee will be allowed to use accrued PTO (if otherwise eligible to take the time) during a pregnancy disability leave; and
- Employee benefits will be continued for the duration of time that the employee is disabled by pregnancy, as confirmed by her health care provider, for a period of up to 17 weeks and three days per pregnancy.

Leave does not need to be taken in one continuous period of time and may be taken intermittently, as needed. Leave may be taken in increments of four hours. Under most circumstances, upon submission of a medical certification that an employee is able to return to work from a pregnancy disability leave, an employee will be reinstated to her same position held at the time the leave began or to an equivalent position, if available.

An employee returning from a pregnancy disability leave has no greater right to reinstatement than if the employee had been continuously employed.

Medical Leave

Under certain circumstances, a medical or family leave of absence may be granted for an employee's non-work-related temporary medical disabilities (other than pregnancy, childbirth, and related medical conditions) or to care for an immediate family member with a disability for up to three months with a doctor's written certificate of disability. Employees should request any leave in writing as far in advance as possible.

A medical or family leave begins on the first day the doctor certifies that you are unable to work, and ends when your doctor certifies that you are able to return to work, or after a total of six months of leave, whichever occurs first. The Lakeside Business Administrator will supply you with a form for your doctor to complete, showing the date you or your family member were disabled and the estimated date you will be able to return to work. An employee returning from a medical disability leave may be required to present a doctor's certificate declaring fitness to return to work.

If returning from a non-work-related medical or family leave, you will be offered the same position you held at the time your leave began, if available. If your former position is not available, a comparable position will be offered. If neither the same nor a comparable position is available, your return to work will depend on job openings existing at the time of your scheduled return. Lakeside makes no guarantees of reinstatement, and your return will depend on your qualifications for existing openings.

Personal Leave

If requested in writing, a supervisor may grant a personal leave of absence without pay if the employee has 90 days or more of service with Lakeside. A personal leave should be limited to unusual circumstances requiring an absence longer than two weeks. Approved personal absences of a shorter duration are not normally treated as a leave, but rather as excused absences without pay.

The decision to approve or deny a personal leave of absence will be based on a number of factors including purpose, length of employment, length of leave of absence, potential disruption of the day-to-day operations. Such leave, if granted, may not exceed 30 calendar days. However, a leave may be extended for an additional 30 calendar days if a Request for Extension is made in writing, in advance of the expiration date, to the employee's supervisor. The extension is granted only by approval of both the supervisor and the Business Administrator.

An employee returning from a personal leave, if available, will be offered the same position held at the time of leaving if it is available. If this position is not available, a comparable position could be offered. If neither is available, the employee's return to work will depend on job openings existing at the time of the scheduled return.

Bereavement Leave

In the event of a death in an employee's immediate family (spouse, son, daughter, step-children, brother, sister, mother, father, step-parents, mother-in-law, father-in-law, grandparent, grandchild) regular full-time/part-time employees will be given up to five (5) days of time off, with pay, to make arrangements and/or attend the funeral. To ensure paid time off, an OORF should be submitted to the employee's supervisor without delay.

An employee may take up to one (1) full day without pay to attend funerals of other relatives and friends upon receiving prior approval of their immediate supervisor. PTO or personal leave may also be used for this purpose.

If a holiday or part of the employee's vacation occurs on any of the days of absence, the employee will not receive holiday or vacation pay in addition to paid bereavement time off.

Jury Duty

It is your civic duty as a citizen to report for jury duty whenever you are summoned. If you are called for jury duty, Lakeside will reimburse full-time/part-time regular employees for a regular day's wages. Your hours should not exceed eight (8) hours per day, for a maximum of ten (10) work days.

You need to notify your immediate supervisor within forty-eight (48) hours of receipt of the jury summons. It is important for you to review your ministry schedule and the day(s) you may be summoned for jury duty with your supervisor. If there is a major event occurring during the same time period, your supervisor may request that you request a postponement of your jury duty.

On any day or half-day you are not required to serve, you will be expected to return to work. In order to receive jury duty pay from Lakeside, you will need to present a statement of jury service to your supervisor.

Employees who oversee specific ministries are expected to continue the on-going monitoring of the specific ministry even while serving on jury duty.

Witness Duty

Lakeside encourages employees to appear in court for witness duty when subpoenaed to do so. If the employee has been subpoenaed as a witness by the ministry, he or she will be paid at his/her regular rate of pay for the time off necessary to fulfill his/her witness duty obligation. Employees will be granted unpaid time off to appear in court as a witness when requested by a party other than Lakeside.

Other Leaves of Absence

The state of California provides numerous other job protections for employees needing time off to deal with personal matters or commitments. Please see The Lakeside Business Administrator for more information on any of the following leaves:

- Organ & Bone Marrow Donor Leave
- Victims of Domestic Violence, Sexual Assault, or Stalking Leave
- Military Leave
- Military Spouse Leave
- School Activities or Suspension Leave
- Time Off to Vote
- Victims of Crime Leave
- Volunteer Civil Service Personnel Leave
- Civil Air Patrol

Mandated Reporting / AB506

California legislation (AB506) requires employees, administrators, and volunteers of **youth-serving organizations** (including **houses of worship**, schools, daycares, and nonprofits) to complete training in child abuse & neglect reporting and undergo Live Scan background checks.

- All **employees** must complete training in child abuse & neglect reporting and **undergo Live Scan background checks**. Not just those that work with youth, but those that never have any contact with youth, musicians, part-time, seasonal, occasional, and any other employees.
- All **volunteers** of youth-serving organizations (including houses of worship, schools, daycares, and nonprofits) must complete training in child abuse & neglect reporting and **undergo Live Scan background checks**.
- AB506 specifically defines 'Regular Volunteers' as 'a volunteer with the youth service organization who is 18 years of age or older and who has direct contact with, or supervision of, children for more than 16 hours per month or 32 hours per year.
- Lakeside will provide training through a third party (MinistrySafe) for all employees and required volunteers. This training must be done every 2 years.

Serious Illness

Lakeside recognizes that employees with serious, life-changing illnesses may wish to continue in as many of their normal pursuits as their condition will allow, including work. At the same time, Lakeside must provide a safe work place for all employees. If there are no limitations to their performance standards and medical evidence indicates that their conditions are not a danger to themselves, others, or property, Lakeside will treat them consistently with other ill employees.

Injury & Illness Prevention Plan

Every employee is responsible for the safety of him/herself, and their fellow employees. To achieve our goal of maintaining a safe work place, everyone must be safety conscious at all times. In compliance with California law, and to promote the concept of a safe work place, Lakeside maintains an Injury and Illness Prevention Plan. The Injury and Illness Prevention Plan is available for review by employees and is posted in the break room, in the main building, and in resource room in the Block. In addition, all employees are expected to follow the Employee Safety Rules. If you have any questions as to what is expected from you in the area of safety, speak with your supervisor immediately.

Safety Procedures

Safety is a top priority for Lakeside. The success of our safety program depends on the alertness and personal commitment of all our employees.

Lakeside will provide information to employees about workplace safety and health issues when necessary through internal communication channels such as supervisor-employee meetings, postings, memos, or other communication vehicles.

All reports and concerns about workplace safety issues should be made to your supervisor immediately.

Employees are required to obey all safety rules and exercise caution in all work activities. Employees must immediately report any unsafe condition to their supervisor. Any violation of safety standards, which cause hazardous or dangerous situations, or any person who fails to report or, where appropriate,

remedy such situations, may be subject to disciplinary action, up to and including termination of employment.

In the case of accidents that result in injury, regardless of how insignificant the injury may appear, employees must immediately notify their supervisor. Such reports are necessary to comply with laws and initiate workers' compensation insurance benefits procedures.

Safety can only be achieved through teamwork. Employees and managers must practice safety awareness by thinking defensively, anticipating unsafe situations and reporting unsafe conditions immediately. The following safety rules are to be followed at all times.

General Safety Rules

- Employees are to report all accidents, illness, and injuries, no matter how large or small, to their supervisor at once when they happen. This is mandatory – no excuses.
- Use care in lifting. Use your leg muscles, not your back. ALWAYS ask for assistance when moving bulky and heavy loads.
- Use common sense in all your activities on Lakeside property. This includes, but is not limited to, any running, horseplay, or dangerous acts.
- No drugs are allowed into the work place or anywhere on Lakeside property unless they are prescription drugs and have been approved for possession and use on Lakeside property by an authorized medical doctor. In addition, no illegal drugs are allowed into the work place or anywhere on Lakeside property. Lastly, at no time are employees to report for work under the influence of alcohol or drugs, including prescription drugs that have not been previously approved for use on Lakeside property by an authorized medical doctor.
- Off-duty non-Lakeside related activities, sports, recreation, parties, etc., are not covered by workers' compensation in any way through Lakeside.
- If objects start to fall from bookshelves, files or machines, let them fall. Get out of the way as soon as possible so as to not get injured and DO NOT try to stop any falling objects.
- Do not create or contribute to unsanitary conditions. Each employee is expected to maintain good housekeeping conditions at his/her workstation or classroom.
- When an employee is off work for a period longer than 3 days due to illness or injury, the employee may be required to report to their supervisor FIRST with a doctor's note releasing the employee back to work. It will then be at the discretion of the supervisor and senior management to send the employee to the authorized medical doctor for a confirmation of the return to work authorization.
- Know the locations of the fire extinguishers throughout Lakeside.
- When carrying objects, use caution, watching for and avoiding obstructions or loose material.
- Plug all electrical equipment into appropriate wall receptacles, or into an extension of only one cord of similar size and capacity. Three pronged plugs should be used to ensure continuity of ground.
- IMMEDIATELY report any defective or depleted safety equipment (fire extinguishers, etc.) or safety hazards to your supervisor.
- Never use equipment for any other purpose than it is intended.

Office Safety

- When working with a video display terminal (computer screen), have all furniture adjusted, positioned and arranged to minimize strain on all parts of the body.

- Never open more than one file drawer at a time. It may tip over on you.
- Do not stand on chairs to reach high places. Use a stepladder.
- Never leave lower desk or cabinet drawers open, this will prevent a tripping hazard.
- Keep items that create slipping hazards off the floor, i.e. pens, pencils, paper clips, etc.
- Use handrails when ascending and descending stairs.

Workplace Violence

Lakeside is committed to providing a safe, violence-free workplace and strictly prohibits employees, visitors or anyone else on Lakeside premises from behaving in a perceived or actual violent or threatening manner. Lakeside seeks to prevent workplace violence before it begins and reserves the right to demonstrate caution and address suspicious behavior that could be perceived as suggesting a propensity towards violence, even prior to any violent behavior occurring. The safety of our staff always comes first. Workplace violence could include:

- Threats of any kind (including those that are meant as “humorous” or a “joke”).
- Threatening or violent behavior, such as intimidation of or attempts to instill fear in others.
- Behaviors that suggests a propensity toward violence. This can include belligerent speech, arguing or swearing, theft or sabotage of Lakeside property, or a demonstrated pattern of refusal to follow Lakeside policies and procedures.
- Actual violent actions, including but not limited to, hitting a fist on a table, throwing objects such as chairs or books, raising one’s voice intensely, hitting or physically accosting another individual.
- Defacing Lakeside property or effecting physical damage to the facilities.
- Bringing weapons or firearms of any kind on Lakeside premises, in Lakeside parking lots, or while conducting Lakeside business. Call 911 immediately in such instances.

If any employee observes or becomes aware of such actions or behavior by any employee, visitor, or unknown person, he/she should notify their supervisor or a person in management immediately. If management is unavailable, he/she are to call 911 and report the circumstance.

In addition, employees should notify their supervisor if and when they become aware of any restraining order(s) in effect or if a potentially violent non work-related situation exists which could potentially result in violence in the workplace.

All reports of workplace violence will be taken seriously and will be investigated promptly and thoroughly. In appropriate circumstances, when privacy is not an issue, Lakeside will inform the reporting individual of the results of the investigation. However, to the extent possible, Lakeside will maintain the confidentiality of the reporting employee and the investigation, unless it becomes necessary to disclose the results as required by law or to protect the safety of others. Lakeside will not tolerate retaliation against any employee who reports workplace violence.

If Lakeside determines that workplace violence has occurred, Lakeside will take appropriate corrective action. The appropriate discipline will depend on the particular facts but may include reassignment of responsibilities, discipline up to and including termination. If a non-employee displays the violent behavior, Lakeside will take appropriate corrective action in an attempt to ensure that such behavior is not repeated.

For additional information regarding more detail surrounding the policy on violence in the workplace at Lakeside, contact your Lakeside Business Administrator.

HANDBOOK ACKNOWLEDGMENT

This is to acknowledge that I have received and read the Lakeside Employee Handbook completely. I agree to abide by the provisions therein. Any rules, policies, or procedures I did not understand, I inquired about and the answers were explained to me.

I understand that, except for employment at-will status, Lakeside can change any and all policies and practices in this Employee Handbook at any time. Lakeside reserves the right to change my hours, wages and working conditions at any time. I understand and agree that, other than the Trio of Lakeside, no supervisor or representative of Lakeside has any authority to enter into any agreement, express or implied, for employment for any specified period of time, or to make any agreement for employment, other than at-will with myself. Only the Leadership Team and the Business Administrator of Lakeside has the authority to make any such agreement and then only in writing, signed by the Business Administrator.

I understand and agree that nothing in the Employee Handbook creates, or is intended to create, a promise or representation of continued employment, and that employment at Lakeside, is employment at-will, which may be terminated at the will of either Lakeside or myself. My signature below certifies that I understand that the foregoing agreement on at-will status is the sole and entire agreement between Lakeside and me concerning the duration of my employment and the circumstances under which my employment may be terminated.

I am aware that during the course of my employment, confidential information will be made available to me. I understand that this information is critical to the success of Lakeside, and must not be disseminated or used outside of Lakeside's premises. In the event of termination of employment, whether voluntary or involuntary, I hereby agree not to utilize or exploit this information with any other individual or ministry.

Lastly, I understand that my signature below certifies that this supersedes all prior agreements, understandings, representations, or understandings concerning my employment with Lakeside.
